EXPERIENCE

Idigitalise

As a Senior Product Designer, I innovate and design user-centric experiences while collaborating with project managers, clients, and developers across digital platforms. I consistently deliver 100% quality work, enhancing my user-centered design skills.

2023 to Present • Remote • Mumbai, India

Dwebworld

As a Product designer, I create interfaces for websites, apps, and prototypes, collaborating creatively with teams. I lead my own projects, deliver high-quality work, and introduce innovative ideas for products. Additionally, I assist developers with the design system.

2020 to 2023 • In Office • Mumbai, India

Vigo Infotech

As a Junior Product Designer, I specialize in designing interfaces for ERP products and creating prototypes, while collaborating creatively with cross-functional teams. I independently lead projects, ensuring high-quality outcomes, and contribute fresh, innovative ideas. Additionally, I assist developers in maintaining and enhancing the design system.

2019 to 2020 • In Office • Mumbai, India

KEY CLIENTS I'VE CONTRIBUTED TO THEIR PROJECTS.
